

The Buddy System... in home help button that is there to assist at any time of need. Not only for medical emergencies. The help button is to be worn necklaces style or around the wrist, and is water proof. It is just like having a buddy with you at all times.

Medication Dispenser... for a small fee this device will automatically dispense the right amount of medication at the right time. No more accidentally taking too much or too little medication. The right dose, at the right time, every time.

Key Lock Box... With this caregivers or emergency personnel can enter a secret code to get a key to your home, so they can provide you with assistance you need. There is a small additional fee for the box.

Smoke Detector Monitoring... for a small, additional fee, Home Buddy will provide a smoke detector that is monitored by the care center. In the event of a fire, the care center will notify the fire department as well as call to check on you and send any other help that is required.

- **Are you active?** Like to go out to the golf course, or out shopping. You still can with the new PAL. **Keep living the life you enjoy** with the peace of mind that you always have a PAL around.
- Now with the new technology PAL is a portable help button with GPS (Global Positioning System) locating. If you are in the store, on the road or just outside we will be able to locate you and assist you in any time of need.
- The new PAL works great for your loved ones that have **Alzheimer's**. No more worrying about them getting lost or wandering off. With the new PAL with GPS tracking.
- **Do you depend on your wheelchair?** We know that they can break down and or get stuck just like cars, now you can always have help around with the PAL.
- With the help of GPS we are able to help locate you in time of need. You do not have to press the button for the GPS to work.
- Remember, Home Buddy is there to be your Buddy at all times no matter where it is you go.

I was on my way home and got lost. They helped me find my way back home.
